

August 31 2022

Meeting Minutes

Attendance – All but Tom. Kevin.

Secre Report – approve May & July – Larry & Wayne, all in favor

Harvest Fest – Clark said they sell ribs and mac n’ cheese only. TBD.

Sno Fleas Merger Discussion –

Sno Fleas - Most are on board. 9 total board members.

ATV/UTV is interested but have questions.

New Equipment ordered, arriving in Spring.

Can we Utilize trails? Some state trails, we can’t use until we get approval. Most Forest Trails are at lower reimbursement rate. Easements must get land use agreements. Goal would be for Snofleas/LT ATV/UTV Club to use same trails.

At one time we discussed merging prior to Covid. From a legal standpoint one accounting system would be in place. SnoFleas has a lot of equipment, about 100 miles total funded from State and County? ATV funding is higher. Couple years ago funding was \$250/mile snowmobile, \$450/mile from ATV (and plus supplement funding comes through) \$775/mi in expenses last year. Groomers are GPS’d.

Would funding be combined? All funds would go into one combined account. Both clubs would maintain trails.

1st SnoFleas Board meeting is coming up 9/16 – Kevin is planning to put On Agenda, it would be discussed and Articles, define structure, terms, etc. Committees would be formed under the Board with Committee Chairpersons.

Full Access to Equipment? Goal would be to have equipment used for multi-use with proper training.

Vote: We were in agreement at last meeting, this meeting everyone is on board.

Finance Report – to be reviewed next month.

Adjourn – Michele & Shawn 6:56 pm
